Spilling out "all over the gym" is the crop of new freshmen at Astoria high school which signed on today as schools opened to bulge the already overcrowded high school structure. The new frosh took up more than one-third of the available seating space in the gym. First day enrollment at the high school totaled 565 students. The first count was an unofficial one. Elections Fill High School Posts

ASTORIA HIGH SCHOOL (Special)—Elections have held the spotlight during the opening weeks of school at Astoria high where the offices of fourth vice president, room representatives, the freshman class officers and JV and Fingerling yell leaders have been filled.

Dan Williams, new fourth vice president, represents the freshman class on the student council and on the student council executive board.

Representing their home rooms on the student council are Arnold Curtis, Sandy Hill, Marian Hauke, Gary Manners, Gail Soderman, Virginia Curtis, Nancy Johnson, Ken Wong, Darrel Isaacson, Margaret Whitman, Pauline Jarvinen, Linda Thompson, Jon Englund, Jim Ochal, Richard Elliott, Bob Canessa, Ed Hall, Nancy Wagner, Bob Ginn, Mary McKenny, June Dye, Dick Pekkala, Jim Hartill and Ken Ward.

Dick Withews, president, will head the freshman class, assisted by Arnold Curtis, vice president; Linda Blomquist, secretary; Linda Williams, treasurer; Melvin Maki, sergeant at arms; Connie Bubnick, girls league representative; and Miss Anna Marie Friedrich, class adviser.

Serving the JVs as yell leaders this term are Maralee Olson, Carol Pilgard, Audrey Moberg, Nancy Springer, Linda Thompson, Kathy Astala, and Barbara Bosanich.

Newly elected Fingerling yell leaders are Perry Mantell, Sandy Hill, Karen Schaub, Sharon Woberg, Marion Morrison, Susan Rafferty, and Susannah Ransom.

Miss Shupe, new frosh English teacher, is shown above explaining to the class a problem in literature.

"They're Pretty Good Kids" Comments Frosh Teacher

"I like it better on some days than on others," was pretty Shirley Shupe's comment on her first few weeks of teaching. "On the whole though, they're pretty good kids," she added somewhat thoughtfully. Miss Shupe teaches freshmen English.

Portland, Oregon, gets first chance to claim her as a native after which comes the University of Oregon. About her new home, Astoria, Miss Shupe had to admit that it is "a pretty good town."

The color red and Chinese food rate high on her list of favorites. She disclosed a liking for an aria from Madame Butterfly, too. Miss Shupe has one pet peeve that all freshmen should carefully note: "It's definitely the people who speak out in class without raising their hand,—"this emphatically.

Before becoming a fullpledged teacher, Miss Shupe did some practice teaching at Eugene high. There she received what will probably be the greatest surprise of her career. "I was absolutely sure my students hated me," she declared, "but when I went back they all smiled at me!" Miss Shupe added "while practice teaching is fine, it's still not as nice as the real thing."

Drivers Like Safety

The Safe Driver Pledge was drawn up following a meeting of all student drivers on November 8. Mr. Lind called this group together because of strong opposition to the resolution adopted by the student council at the student body meeting the week prior, in Patrons hall.

The objection to the resolution concerned the second point which read, "No driving of student cars at noon without the permission of the principal."

It was decided at the meeting that point two of the resolution should be changed so that the students can have their cars at noon. A committee consisting David Pfaffenberger, Gordon Brenneman and Victor Friesen, met the revised at noon but a pledge for students to sign in order to retain their cars at noon.

A second meeting of student drivers was held December 2 at which time the pledge was read and the students were shown. The pledge which we allege the pledge and sign.

The pledge was a picture of a car and the words, "I, the Safe Driver (in an orange background. It is to be placed on the right front wing of the car.

The safe driver pledge reads:

Driving a car is a privilege and with this privilege are certain responsibilities which every safe driver must meet. As an Ontario High School student who operates a car, I pledge to observe the following regulations:

1. To follow all safe driving practices, which include:
   - A. Making a complete stop at STOP and Junction
   - B. No excessive noise (especially in the area of residence and St. Mary's Hospital.)
   - C. No smoking in cars within the immediate view of the school.

Music Department Contributes Talent

Musicians were called into the Mary's third, fourth, and fifth period music rooms December 20, to demonstrate the origin of the 20th century. They were consisting of "The Alleghenies" "Ding Dong", "Silent is Night", and "Jingle Bells", and "The Holly and the Ivy". Under the direction of Mr. Hiebert, and provided the background for the Englishmen class. The choir is studying the present term, in several of their art and literature.

At 3:00 p.m. December 20, the high line of the entertainment for the Miss the Merchants Christmas program at the Union Theatre sang some "White Christmas", "Silent Night Divine", and "Jingle Bells".

The Kitchener Choir has also planned to sing for the Lions club January 11. They sang "White Christmas" and "Silent Night" and "Jingle Bells".

Taking part in the program were the six junior and six Englishmen classes consisting of Karen Jansen, Karen Snider, Nancy Harper and Mary Spring as "White Christmas" was the choir sang.

Blood Drive Held at AHS

"Get a pledge for a pint" is the motto that started off the week-long blood drive at AHS. The drive ended January 19 when the bloodmobile came to Astoria for the first time in 1956.

An Assembly given Wednesday morning, January 11 started off the week's drive with two guest speakers: Dr. [illegible] and Mrs. Charles Morse, chairman of the Clatsop county Red Cross Blood Bank. They each gave a short talk on the needs of blood and then a movie was shown on part of the procedure of giving blood.

Explaining why the Hi-Y's and Tri-Hi-Y's were sponsoring the drive was Bill Taft who then went on to say that there would be a contest among the clubs of AHS, to see who could get the most pledges. The club getting the most pledges won a prize from the Red Cross.

The idea of having the drive originated at a meeting of the Tri-Hi-Y where Mrs. Morse gave a talk on the blood bank. They decided to ask the Hi-Y's to join them.

The general co-chairmen of the drive were Laurie [illegible] and Bill Taft, with the committees listed as follows: Marian [illegible] [illegible]; [illegible] [illegible] [illegible]. Advising the groups were Mrs. Mary [illegible] and [illegible].

Dear Mr. Owens,

On behalf of the sophomore class I would like to thank you for the use of the 4-H building in which we built our homecoming float this year. There was plenty of room so we had almost no confusion.

We sincerely appreciate your help in making it possible for us to have a good float and truly hope that we left the building in as good condition as we found it.

Thanks again

Teen Votes Pass Adults

Maybe there's something to this 18 year old voting proposition after all!

Astoria high school voters in annual student body elections Friday seemed to prove it. They set a record that at least is something for their elders to shoot at.

The teen-age political voyagers trooped to the polls by droves to cast ballots in what school officials say is one of the biggest votes on record at the school. School officials said figures analyzed today indicated that [illegible] per cent of the student body took the time to vote. Students vote on their own time, and school officials said this fact made the turnout all the more impressive.

Hey, Dad! Maybe you better [illegible] down to the court house right now . . . hmmm.

AHS MARCHING GROUP FORMATION

General Ch

By KAREN ANDERSON

The Homecoming festivities swing off in a blazing start at the pep fest this Friday morning when Bill Lawson, general chairman, fires a lighted torch on the pile of paper, wood, etc., built in front of a heavily-laden fuel truck. Adding to the spirit and gay of the celebration, more Homecoming floats by various American service organizations previously in part of the carnival atmosphere of the rally were the jeeps, manned by members placed by the ASB band.

Formation

In a statement issued by Lee and Martin, student body president, at an assembly early this morning.

Previous to the rolling moments of the carnival, the also radiant princesses were assisted in their chairs by their escorts, following the lighting of the candles by Ed Ian Hutchinson and Nancy Hamilton. Miss Nancy Ann Shultz then performed a ballet dance in honor of the court.

With bouquets overflowing, Ted Hamilton presented the name of the queen in a sealed envelope from the Homecoming girl, Vickie Overland. A breathless hush fell over the crowd and then a cheer from the class rooters as the lucky queen came forward to receive the crown from Bobbie Taylor, queen before. After taking her place on the royal throne to begin her reign, a line composed of Nancy Springer, Karen Johnson, and Karen Blake to sang "Sweet and Lovely", accompanied by Jan Brown, a tune of the years.

Floats

One of the chief attractions of Homecoming is the gala parade and here the parade starts at 9:30 a.m. All parade entries are to be at the court house at 9:00, so they will be ready to begin at 9:30 sharp. The parade will proceed along Commercial, turn up 11th, continue to Olney Creek, and disband at the A.H.S. parking lot.

The line-up for the parade which will be judged from a previous years, is as follows: Color Guard, Astoria high school band, Fraternities, Fraternities, Service club, Rally Squad and Pep-boys, Homecoming Queen, Senior princesses, junior band, "Old Wounds to be Shot", Junior princess, Junior band, "Fight" Senator,

[illegible] Festival of [illegible]

[illegible] Queen [illegible] Princesses [illegible] Lassie [illegible] Club, Science club, 4-H Club, Football club, French club and Latin-Pun club.

Plans

Planned as "Tall Tales" each float has developed its theme idea over in its version of a tale or nursery rhyme.

Each contains a focal center and a main one seen for about one half and Woman in the Shoe. Colorful flower vases and pictures provide brightness up the all sheet and add a colorful glow. Lettering accenting from the chimney adds a final touch to the float.

Rolling along in disguised as a modern show contrast with a old one Woman, Women and kid. A large shoe built in the back of the wagon that supports the idea of the poem Old Lady Whose Whacks and Nod.

[illegible] seems with the theme of the sophomore float, King Neptune. A large fish pulls King Neptune accompanied by sea and lassies, over the pool. A huge wave following behind the king completes the picture.

One of the Astor Alcalde's Lassy rooms on theme for the float shows four beautiful girls a magic mirror, and a genie on the back of the truck brings out the feature of magic for this float.

Judging

Seven judges will view the floats while they are being up and during the parade. They will judge them particular on originality, use [illegible] on construction, and conformity to the theme of the float as well as general appearance. Winners will be announced during the half-time activities of the football game. First place winner will receive a trophy of second place, a red ribbon.

Game

The big game this evening will begin at about 8:00 o'clock and with the Fighting Fishermen against the Seaside Seagulls. Everyone's real support to get another very fine ballgame show put on by the high-powered ASB band, Majorettes, and Fishermettes. Also at this time, the Homecoming court and queen will be presented.

The grand finale of the 1956 Homecoming revelling will be the 7th annual dance to honor of the queen, to be held at the Armory from 10 o'clock to 1 o'clock with

Passes

To the theme of "Sure Fire", dances will find themselves tripping the light fantastic to an array of yellow, brown, red, and green leaves. The Fire Tones will again provide the very danceable music. The band stand will be placed at the end of the dance floor. At 11:30 the Queen and her court will make their appearance.

Tables will be reserved for football players and their dates. Tickets to the dance will be sold at $1.50 stag and $2.00 stag. They may be obtained from any member of the ticket committee.

Committees

To enter the field of nuclear physics and atomic energy has been the goal of one enterprising ASB student, Alan Wong, for about five years. Wong plans to attend Massachusetts Institute of Technology after graduation.

Alan decided to be a nuclear physicist when his present grade teacher explained him to atomic. "Before," he said, "I like to explore space and do things like that."

This is proven by his many projects and plans. Alan has made a proper scientific [illegible] many sketches of his model atomic reactors. Right now he is planning to duplicate an X-ray machine which was given to him by Mr. Porter, a recently retired ASB teacher, who formerly worked ASB.

There are both advantages and disadvantages to this vocation. All vocations are good ones, many openings, and an opportunity to help others.

The most disadvantage in the field practical schooling required. The first two years of college is which a bachelor's degree is given. It will take much foundation to what is needed to be known about nuclear physics and atomic energy.

SHARON ELY

Ely Selected October Girl

"They can't scare us!" was the thought of Sharon Ely, junior, when Nancy Sherman, G.L. group assistant, Sharon Ely had been cut of the Month on the basis of her dependability in classwork, club work and on every assignment done.

A most surprised expression was never seen than that on Sharon's face as she walked up the runway to receive her gift of a sterling silver bracelet, bearing the Hamilton Girls' League October 1946 Dependability.

National Junior honor society had been just high just in Sharon's high school career as far as clubs go, although she really did enjoy working on the Junior Prom clubs, and participating in Latin club.

Advanced algebra and short hand head Sharon's list of favorite Junior High grades will prove that she hasn't had trouble in any of her classes.

Linda Simonton, Patricia Ann's choice of beauty, is looking her best in the time when she will be a member of the elementary grades. Her ideal is her best friend who, Linda explains is always so fresh and cheerful, although very busy. If Linda could be queen for a day she would post a smile on the world making everyone the land of pale.

A 4-H girl named Shirley, rules high with Carolyn Ruby's princess Julie Johnson. Julie admires most her teacher T.C. Teacher Ann Hunter. According to Julie, Ann is an ideal teacher and she hopes to follow in her footsteps.

MISS SERVICE

Girl of the Month awards for the months of May and April were made simultaneously. They went to Dorothy Verschueren for "service" and to Marilyn Moffitt for "beauty".

Green-eyed, brown-haired Dorothy finds being of service to her classmates, friends and school her main enjoyment in life. She is program chairman for Service club and FTA, a member of Rainbows and Job's Daughters; she is president of Christian Endeavor and does cadet teaching at Lewis and Clark school in the 9th grade science class.

Favorites for this girl are: Italian food, a certain boy, records, Elvis, 3 o'clock bell, picnics (with lots of watermelon), swimming, modern design, art and good music.

Although she is too busy to really worry about her peeves, she has one that seems to bother her. That is: Karen's haircut.

Her future plans include four years of college at Willamette, majoring in English and minoring in art. After this, she would like to teach in a junior high school.

It seems that Larry Reid would be hard put to repeat [illegible] Coach Ed Adkins' track team is Coho Edgerton. This is his second year at the helm of the Fishermen cinder [illegible].

Sprinters

Due to the scarcity of track events, interest has [illegible] high in comparison to [illegible]. But this is expected to be one of the better years in many years.

Some of Fishermen hopefuls will be [illegible] record for big Steven Lubbert and Tom Carter. Heading the list of veterans is four-year letterman Dennis Belcher who runs the 440-yard run, the 880-yard dash and the 880-yard relay. Jim Dunlap, veteran miler, Terry Gilbert, discus and javelin, Brian Powell and Jerry Olson are expected to do very well in the running events.

Another spring event that is [illegible] well at the mercy of the weather is Aurora's baseball. This year the Fishermen will again participate in the Metropolitan League which means many trips to Portland. Many veterans are returning to action this year for head coach Doug Clark's second year. Second Fred Richardson at first base, Larry Burbank at second, Bob Clemens at third base, Bob Caswell and outfielder-pitcher Larry Burton are returning lettermen for the Fishermen nine. Filling the [illegible] of graduated Jim Thompson, Larry Robinson, Bob Gehl and [illegible] are [illegible] Dick Bond and Phil Chasin and Warren Hughes [illegible] Kenny Hall are the other [illegible] are Bill Hazelhurst, Bob Hughes, and Ken Lamb.

Another sport to be added to the spring agenda is golf. This sport is limited to five members who have been with the sport at AHS since the beginning in 1964. Freshmen [illegible] Those five veterans are Dick Powell, Bob Wurtz, Jim Lawson, [illegible] Dick Jones, [illegible] Coach Jim McCarthy. Fishermen Baseball Crew Faces Warriors In First Game Today

By MIKE PETERS

Aurora Eight baseball team kicked [illegible] 1967 season today with a pre-league contest against Warrenton, at the Warrior's home field. Game time was 3:30.

Coach Doug Clark has a squad of 24 players, with seven returning lettermen back from last year's squad. The Fishermen lost only four lettermen due to graduation. Missing this year at Clark's first battery of Jim Thompson and Dick Voss. It will be hard to replace these two fine ball players.

The Fishermen are also minus a home field. They have been practicing where they can find a dry field so far this year, with their last year's grounds at Tapio park not even in good enough condition to practice on. Clark has been holding practices on Vine and California fields, but reports that home games will be held on Thornton field at Tampa Point. Aurora will be playing in the Metropolitan baseball league for the first time this year. It will play each team once at home and once away. The Blues open their league play with Milwaukie at the Oswego Hardtops on April 2. Aurora will play two more pre-league games with Cookstown and Seaside this week.

Leading contenders for starting berths are Fred Richardson, first base; Larry Burbank, second base; Bob Clemens, third base; Dick Bond, Phil Chasin and Warren Hughes for court duty. Bill Lowery and Ken Dennis on the mound, with Bob Washington, Ron Caswell, Dick Williams the battery. Mike Kelser and Steve Hall [illegible] in the outfield. Others out for practice this week are Jim Bradley, Dan Lamb, Dennis Wiley and Mike Ray. Ralph Wright, Bob Columbia, Larry Gray, Tom Hansen, Steve North, Larry Hill, Jon Fellenberg, Jerry Pedersen, Brian Shaw and Dave Thompson.

Returning lettermen include Burbank, Clemens, Dennis, Richardson, Hughes, Matthews, and Lowery. Lowery is the only three year letterman on the club, with Burbank the only two-year

Astoria Track Team Places Well Despite No Practice

Although they were hampered by not having a track to practice on, Astoria's track team has been surprisingly well this year. On their first meets, they placed second three times, and third once. All of their points were held on Reynolds's track and Seaside won all four meets.

The first meet of the year was the county meet, with all four schools in the county represented there. Seaside, Astoria, Warrenton and Knappa finished in that order in the meet. This win protected the title of county champs that Seaside has maintained for the past five years.

The next meet on the schedule was a four way meet with Seaside, Astoria, Knappa and Warrenton joining that order.

Astoria's last meet was probably all to be a flat meet with Seaside and Warrenton joined in and the meet was by a 10-point margin.

Seaside Triangle

The last meet of the year before the Northwest track meet on May 10 was held with Astoria, Seaside and Tillamook. Again Warrenton joined in the meet and Astoria was edged out of second place by Tillamook. As Seaside romped to their fourth straight win over the Astorians.

May 11 Astoria traveled to Lewis and Clark college in Portland for their final appearance of the season, as a team. Individuals may go on from here to earn either a first or a second place in six events. As beginning with the team only every Astoria finished sixth, beating Hillsboro and Central Catholic.

Seaside Wrecks Record

Only two records Seaside beat they for the nine meet during the season. Those two were Joe Stephens and Keith Knappa. Knappa qualified by taking second in the shot, and Stephens qualified by winning the event, his mile. Joe's time was 4:59.4 and officials broke the old record of 5:01.5 set in 1938. Both of these boys will go to the Multnomah quarter-finals on May 11.

Here is a list of the point-makers for Astoria the year they each with some points or have been made their varsity letter.

Rafferty On Varsity Golf

Astoria girl to start into the ranks of high school golf competition was in her fourth year and got her record for being an Astoria Girl when she Fleming Simmons joined. She is one of a handful of girl playing varsity golf in the state.

As for the year she has played in two meets and won two and lost one, averaging three wins. She is going to Corvallis to the two day state meet a week Sunday at the Avery Golf and Country club.

The eight best of golfers is usually a high score and Astoria will when the six counters are used. Last year Astoria is not out.

The most promising newcomer was Hillcrest but summer when she was among the six eligible Astoria girl contenders to qualify for the championship. She was not a part of the five which will have left to enter the championship of the high school.

The thought behind the idea to have a teen canteen is that it would aid in keeping students off the streets and out of trouble.

The canteen is definitely an idea for everyone to think about and talk over with others.

Sport Life

By PHIL MORFITT

When the 1957-58 basketball season rolls around the Astoria Fighting Fishermen will be in a new basketball plant. The gymnasium will approximately seat 1800 compared to the Armory's 2500. This gives the Armory a 700 seating advantage, but every time it's used the school must pay rent for its use. So this year the new high school gym will be used for home basketball games.

Rain Hinders Baseball Team

This baseball team, again hampered by the elements, had a hard time getting into high gear, but after a long losing streak, they came on strong to beat Clackamas twice in league play and Oakridge in a non-league game. The Fishermen finished fourth place in the Western Division of the Metro League.

Although the rain hindered practice, it did not dampen the spirit of the players who gave everything they had until the last ball was pitched.

VISTA RETROSPECTIVA

[illegible]

The track team was, as usual, harassed by bad weather and lack of facilities. But, in spite of the stacked deck against them, they went on to show spirit and speed in all their meets. Even with the disadvantage of having no track, the team developed runners who rank with the best in the district. Next year promises an even better season as many of the high scorers will be back to further honor their school.
